

# PETITION: DEFER THE WEST BYRON URBAN RELEASE PROPOSAL

## To the Honourable the Speaker and Members of the Legislative Assembly of New South Wales in Parliament assembled:

The Petition of certain citizens of New South Wales brings to the attention of the House that:

- the current West Byron Urban Release application does not contain sufficient independent scientific studies and analysis to allow a determination,
- Byron Shire Council is in the process of developing essential strategic studies that consider the future impacts of development on that site, and
- the current State Significant Development application for the West Byron Urban Release proposal contains omissions, inaccuracies and inconsistencies.

The undersigned petitioners therefore ask the Legislative Assembly to call on the NSW Government to:

- ✓ defer the West Byron Urban Release proposal to allow more detailed studies assessing the impact of the development and ensure the relevant considerations are revealed prior to the rezoning, and
- ✓ ensure the planning process considers the significant impact of the development on koalas & their habitat.
